THE STORY OF THE TOUR.
Part Three—The San Diego Exposition and Universal City.

The beauty contest will start at Los Angeles, Calif., at 1 P.M. June 11, and from there the run will be made to Universal City, arriving at that busy community where numerous attractions await them.

There the girls will be competing, make their headquarters elaborate plans have been laid for their entertainment there in regular style. They will have a day of freedom in the city, too. They will be introduced to the University stars and will be shown the "inside workings" of the movie-making industry. Also they will take part in one of the big parades being taken at the Carranza.

During the stay in Universal City a special honor will be conferred on one of the girls. The girl selected as the prettiest in the party will be given the title "The Most Beautiful Girl in America," will be presented with a silver loving cup, and will be offered a career as a "movie star" in a big salary.

Next day comes a visit to the San Diego Exposition, the exhibits of which are in themselves a history of our great nation. The Exposition "done," the girls will return to Universal City.

Then comes the wonderful California adventure trip to the Panama-Pacific Exposition. A stop over in Los Angeles will provide for a little tour compassing many of the interesting places and sights there. This

will be for June 12. Next day comes Santa Barbara and trip to famous mountains there. June 13 brings the Mountians, with its famous mountain drive along the Monterey Peninsula. On the 14th San Simeon, one of California's beautiful playgrounds, comes with other attractions for the girls. June 15, San Fran-cisco. All ready now for the big Panama-Pacific Exposition.

To-morrow we will tell you about the visit of the pretty girls to the Panama-Pacific Exposition—where we will tell them what will see, and what they will do there. Don't miss this instalment in the story of the tour.

By arrangement with THE EVENING WORLD, Mrs. J. B. Greenhut, President of the Free Tour, will take care of arrangements for the girls' appearance at the Exposition.

Each girl will be given a photograph of herself to attach to her card. The pictures taken by the girls' Photo company will be entered in the contest, and the prettiest pictures will be chosen as the prettiest girls.

These conditions must meet your photograph to the FREE TOUR BUREAU, EVENING WORLD, 60 PARK ROW, NEW YORK CITY. If you desire your photograph returned after the contest, inclose return postage.

WASHINGTON, April 29.—An effort is to be made to raise the F-4 submarine in time to be taken from the cruiser Maryland, will be undertaken, according to a report to the Navy Department to-day from Rear Adm. Frank E. Evans, commanding officer here said that the experiment could be successful only if the submarine's tanks have not been seriously injured. The plan is to force the water out of the tanks with air until the marine rises towards the surface. Navy officers said the task will be difficult because of the depth at which the boat lies and at which divers must work to make necessary connections.

You know his Judge J. Lackman said to Judge Woodward. And although I have tried to do what you told me to do I have failed. I can not be drunk alone, and it is better I should be sent to some place where

I cannot get into the streets, excepting in buildings and the parks.

Judge Woodward responded: Look man, he remembered that on March 10, Lackman had passed away last night, having suffered from the second degree. Woodward was asked if he had any visitors, he gave him a pat on the back, saying, "A few likes and has been drinking wine."

Judge Woodward sent Lackman to the Sing for two years.

"That is a good boy," remarked Lackman as he was sent to the Tombs.
